Something needs to change. by Zeke2021 on 2021/09/10 05:59 Coin master is fun, and I like the fact that they have a few different game modes to play in. The coin collecting and buying upgrades for your home are all things that are fun once you unlock them. I have progressed pretty far into the main mode but have to say that if there was some kind of other way besides just collecting coins to get money, we'd probably be having a different conversation. The main problem is that it takes so many hours of grinding to complete one goal, and when you want to have an upgrade for your home no matter what current level you are at, it's \$100, which takes 100 coins. I've spent about 60 hours or more on this game to get my home upgraded, and most of it is just grinding coins to buy those upgrades. The second problem is the amount of advertising in the game. I think that in this day and age, it's pretty ridiculous for a game to have ads that are obnoxiously placed one right after the other, not too long ago I paid money to remove ads from a game. It would be nice if the ads were a little better placed or different, I don't mind seeing them every once in a while.",

"Best game ever! I love that you can play with friends anywhere, even when not connected to the internet. This game is so worth playing because of the different levels and how easily it takes all my free time. It would be cool if there were different games you could play with friends online and offline. Also, I would be better off if you could actually get coins without spending your real money on them through in-app purchases or by downloading another game that requires real money." "This is one of my favorite games because of the different levels and how easily it takes all my free time. Love the game but... by jenny2021 on 2021/02/26 21:28 I have been playing this game for a while now and I have come up with a few things that need to be changed. For one, how many times can you run out of troops? You can go through a whole hour without seeing any troops on your screen and then suddenly you will lose all of them! It really needs to be fixed cause it's so frustrating especially when you are in the middle of a battle! Another thing is that after 15 spins, the counter stops at 3 and if you don't spin again it stays there forever until you do spin again. It's too difficult to get enough coins for 15 spins and when that happens it makes me really upset because there are a lot of things I want to buy but I don't have the coins for them. It's just REALLY annoying. If someone was able to fix this, then it would be great!",

Loved this game! by s_only_me on 2021/03/31 15:13 This app was really fun and addictive. I've downloaded many apps but this was my favorite!! It's like a mini version of scrabble or tetris that is easy to finish, so I wasn't always too frustrated when I couldn't get a word right or it didn't fit in the puzzle correctly. I really liked the fact that I could earn coins and buy different game modes and backgrounds. I would definitely recommend this app ðŸ™¸",

Great game but... by katiebean22 on 2021/03/01 16:32 The game is fun and addictive and I have lost count of the amount of hours I've played it but there are some major issues that need to be fixed. One is the chat room. Whenever I go into a chat room full of people I usually just spam my messages out hoping to get somewhere with one person. Well, I've gotten to the point that the majority of these people don't even respond. It's ridiculous that you have to wait for them to catch up with you in order for them to chat. Another major issue is the items. You see a lot of people wanting certain items but they aren't actually available anymore. One example is a spell that costs 2021 gold coins and only gives you one use and it doesn't replenish every time you win a battle. Lastly, there are a lot of glitches happening when I play the game. Sometimes my troops disappear for no reason and sometimes I lose all my troops even though I am still making moves on the board and it gets old really fast. I would rate the game a 5 but these major issues need to be fixed.",

Good game, needs some fixes. by Munya on 2021/04/06 16:12 It's a very fun game. I have been playing for years, and there are things that you shouldn't have to pay extra money for in the game, such as extra turns if they aren't already included. There are places that you can't craft an item that you don't have the coins to. If they made more places to go to as well as more items to craft, it would be a better game overall. The chat feature is also annoying sometimes. As soon as I open the app, it tells me there are people on the other end of the chat, and since I don't have any friends, I close out of it immediately. It really bugs me how players have different abilities than other players for some reason. I forgot the name of the third thing I wanted to say, but that's all for now. Thank you for reading!",

Great game by Coolmomof2 on 2021/04/25 18:50 This is an awesome word game! It is just like any other word game out there except for one thing. You can play multiple word games at a time. I like that because it doesn't make you feel like you have to stop playing just to start another game. It is my favorite word game right now. I love it!",

Coin Master is an "arcade" game that is free to play and does not require the user to pay in order to advance through the levels. Though in-game advertisements were initially planned, Moon Active decided not to use them, making it possible for users to download Coin Master without being interrupted by ads. Instead, they opted for micro transactions and an ad-free version. The developer explains this decision by stating that he does not believe in offering a pay-to-win type game.",

Coin Master was generally received well by reviewers. Some praised the concept, artwork and its ability to provide both entertainment and nostalgia. Joystiq referred to it as a "trippy looking game" in their review. This sentiment was echoed by Gametrailers who referred to it as "unique". Other critics felt it was too similar to other games, especially "Tetris" and its clones, which were described as being overplayed in general.",

I'm almost broke by Don't get this game on 2021/03/25 18:10 You need to earn coins from spinning the wheel and games but it takes up all of your energy and then gives you 1 coin per fish. So you have to buy more energy with the coins you've already earned just so you can earn more coins. How many levels are there? Who knows because it gives you no way of knowing besides having to look at every level on your own. I've played this game for a few months now and I'm already broke. I've had to start putting coins inside my code so the game will pay out at the end of the month/week because otherwise you won't make it. How do I know? Because after I put in my code, the game pays me what it owes me but then takes money from me when it's trying to be nice and give me a level up bonus or an extra spin or whatever. If you want to spend money then don't play this game because there is no other way to get money easily without spending your own rubies/coins on extra energy. I also don't know how people are buying the "Chat with friends" thing. I have never gotten it to work and I have several friends who also play. So it makes you spend money just to talk to your friends even though you can't even talk to them for free using the in-game chat.",

Ads by Abubaker94 on 2021/02/19 22:44 I love this game but with the way ads are it seriously is unplayable. If you can get pass that it is a good game but the ads can be super annoying and I kind of regret getting this app when they made it. It's you get him for a couple minutes its gone, and it seems like they make more things per ad instead of making a easier lower level. I don't get it but you can have a good time while playing this game.",

Kingdom clash, game is awesome but by awesome gamer on 2021/11/07 03:05 I am playing this game every day. It's a really fun game to play. There are some problems with it. For example the in-game chat, there are too many ads and that's not good because my friends and I play the game and one of our friends said that there were over 30 ads in one day. Never minding that other friend said she got payed 5 dollars for a survey. I mean, come on. The price of gems are so high. I want to buy a lot of stuff but the prices are expensive. Good luck making this game better!",

In January 2021, Moon Active launched a Kickstarter campaign to help fund the development of Coin Master 2 on mobile platforms. The developers of this version released an alpha version of Coin Master 2 for Android devices in December 2021. This version didn't reach beta quality however as it was quickly discontinued only three months after launch due to poor user responses regarding bugs and graphic issues. An update was provided in early 2021 which included a new tablet version of Coin Master 2.0 but this version also never went to beta. As of August 2021, Moon Active has removed all of its previous versions from the Google Play Store and App Store for unknown reasons.",
